STUDENT INFORMATION

Registration

Preliminary registration for the next school year takes place each spring. Registration for classes calls for the careful planning on the part of the students, the parents, and the school. Haphazard enrollment often results in poor schoolwork. It should be kept in mind that certain courses are required for graduation and others are electives. Students planning for specific goals after graduation should think in terms of subjects that will help them attain those goals. Students are expected to finalize their course selections in the spring. All schedule changes should be made prior to the start of school in August..

Drop and Add Policy

All schedule changes should be made prior to the start of the school year. Once school begins students are **not allowed** to make schedule changes for that school year. Schedule changes will be allowed only for extenuating circumstances, for example, a student is injured and has a medical condition that would not allow them to continue in physical education; a student fails a required class and needs to retake the class in order to meet graduation requirements. The counselor and principal must approve extenuating circumstances. No guarantee can be made that each student will receive the schedule that he/she prefers. Some courses have limited enrollments; some are only offered one time, and some conflict with other requirements.

Withdrawals and Transfers

Any student withdrawing from school or transferring to another school must bring a written note of explanation signed by the parents or legal guardian. The administration and guidance counselors will advise students of proper withdrawal procedures. An exit interview is required for students under 18 years of age.

Class Rank

Class ranks are calculated for each class at the end of each semester. Class rank is computed using the semester grades for all terms that a student is enrolled in high school. Classes offering one credit per term are not calculated into the class rank. Pass/Fail classes are not calculated into the class rank.

A student may learn his/her class rank by checking with the Guidance Director.

Each student's credit point will be totaled with the sum being divided by the number of credits in which grades were earned. The quotient will be designated the student's "Grade Point Average" (GPA)

The students in each class will have the grade point average arranged in numerical order to determine each students' class rank.

Valedictorian and Salutatorian

The selection of the Valedictorian and Salutatorian will be based on the average of grades at the end of the second semester of the student's senior year. The senior student with the highest GPA will be the class Valedictorian. The senior student with the second highest GPA will be the class Salutatorian. The Valedictorian and Salutatorian must complete high school in good standing.

Weighted Grades

Courses to be weighted are AP courses and Honors courses. The weight for the course would be 1.2.

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.¹

If you do not want the West Central School Corporation to disclose directory information from your child's education records without your prior written consent, you must notify the West Central School Corporation in writing by the first Friday in August. The West Central School Corporation has designated the following information as directory information: Note: an LEA may, but does not have to, include all the information listed below.

School or other officials for prescribed action will direct students.

Failure to display a pass could result in the loss of pass privileges or the student may be considered truant. Students are also responsible for signing in and out of each classroom after they have received a pass from their teacher. There is a limit of five passes per week from each class per term and there is to be no passing or exchanging of handbook passes. Passes will only be used at appropriate times, when given permission by the teacher. **Ability to use passes may also be revoked if student behavior is unacceptable.**

Appearance and Dress Policy

Students at West Central High School are expected to exhibit cleanliness and good taste in personal appearance. We take pride in the appearance of our students. Your dress reflects the quality of our school. The school considers the appearance of students relating to dress and grooming as an important factor for an effective and desirable atmosphere for learning. Over exposure of the body (tank tops, midriff-exposing shirts, and short shorts) is considered inappropriate dress for school. Pants that expose skin above the knee must have something worn underneath them. Shorts or skirts must be fingertip length or longer. Bus Rules/Regulations

Bus transportation is provided as a service. It is not a right. School bus drivers are to have control of all school children conveyed between the homes of the children and the school, and return. The driver shall keep order, maintain discipline among the children while in the bus or along the route, shall treat all the children in a civil manner, see that no child is imposed upon or mistreated while in his charge, and shall use every care for the safety of the children under his charge. School bus drivers shall follow the recommended rules for pupil safety upon approval by the school authority.

1. Each pupil shall be located immediately upon entering the bus in the place assigned by the driver.
2. No pupils shall stand or move from place to place during the trip. Pupils should sit back and face forward keeping the aisle clear.
3. Loud, boisterous, or profane language or indecent conduct shall not be tolerated.
4. Pupils shall not be allowed to tease, scuffle, trip, hold, hit or use their hands or feet or body in any objectionable manner.
5. No windows or doors will be opened or closed except by permission of the bus driver.
6. No pupils shall enter or leave the bus until it has come to a full stop and the door has been opened by the driver.
7. Upon recommendation of the bus driver, school authorities will deny the privilege of riding the school bus to any pupil who refuses to conduct himself or herself in a gentlemanly or lady-like manner.
8. The bus stop and bus ride are considered part of the school day, therefore, all school rules apply.
9. The student should be waiting at his loading station when the bus arrives.
10. No pop, gum, candy, or other food items will be allowed on the bus.
11. The parent has the responsibility of transporting their child home if during the day the child developed a physical condition that would create an unsafe environment on the bus. Of greatest concerns are situations where body fluids are an issue and a condition where a child has been isolated from others during the day.
12. West Central takes a strong position on any involvement with drugs. A student who has in their possession, is involved with the use of drugs in any form while on school property, or is involved in the sale of drugs, or any substance alleged to be drugs, will be recommended for expulsion. This policy is in effect during the school day and at all extracurricular events.
13. To ensure the safety of all students the West Central School Corporation agrees and supports the school bus rules and regulations as suggested by the Indiana State Police.

Student Driving

Student driving is a privilege and not a right. Any violation of the following may result in the suspension of a student's privilege to drive to school:

1. Once a student has parked in the student parking area, the car cannot be moved until after the student has completed the school day, unless an emergency arises which has been cleared through the office of the principal.
2. There is no loitering in cars or in the parking area.
3. Traffic violations of any type, whether directly connected with transportation to school or after school functions, may result in the suspension of a students' privilege to drive to school.
4. No parking is permitted in the student walkways.
5. All student drivers will register their vehicles in the office within 5 school days of the first day of school.
6. All student drivers will display their assigned driving tag while on school grounds.
7. Students are not permitted to leave the building and return to their vehicle, unless an emergency arises which has been cleared through the office of the principal.

When exiting the school grounds at the end of the day, student drivers are to use the southeast exit of the parking lot, near the bus garage.

A letter will be sent to the Bureau of Motor Vehicles if a student is deemed a habitual truant, has been suspended two (2) times, expelled, or has been withdrawn from school and is under 18 years of age. The letter will request that the student's driving privileges be invalidated as pursuant to IC 9-24-2-4.

Transportation Home

Before a student who has become ill or injured is sent home, the office will notify the parents or guardian to arrange for transportation of the student. In case of an injury which needs medical treatment an attempt will be made to contact the parents for advice and the necessary transportation. **In any case, if a student leaves school without the permission of a member of the administrative staff or the school nurse, that student may be considered truant.**

Bus Changes

We are concerned about the safety of every student and their location at all times. A student will be permitted to ride a different bus **only if the office has written notification** of this change. If an emergency occurs and different transportation is required, please contact the school before 2:00 P.M. **STUDENTS WITHOUT A WRITTEN NOTE WILL BE SENT HOME ON THEIR REGULAR BUS.**

Indiana Law Regarding Driving Privileges for Students

Under School Suspension or Truancy

West Central High School will follow Indiana Law 9-1-4-33.4 as added by P.L.51-1990 that prohibits the issuance of an operator's license, learner's permit or invalidates a student's license or permit if suspended from school for the second time during the school year, expelled from school, tries to circumvent sanctions of this law by withdrawing from school before graduating, or is considered to be a habitual truant. If a person is under 18 years of age and is under suspension, expulsion, or has withdrawn from school as described in Section 29(g) of IC9-1-4-33.4, the Department of Motor Vehicles shall, upon notification by the person's principal, invalidate the person's license or permit until the earliest of the following events:

- (1) The person becomes 18 years of age;
- (2) 120 days after the person is suspended;
- (3) 180 days after the person is expelled;

- (4) the suspension, expulsion, is reversed after the person has had a hearing under IC20-8.1-5;
- (5) If IC9-1-4-29(g)(9) applies, the student in good standing had re-enrolled in school.

A student at least thirteen (13) years of age but less than fifteen (15) years of age and identified as a habitual truant as stated in the attendance section of this manual will be identified on a list submitted to the bureau of motor vehicles. This action will result in an individual not being issued an operator's license or a learner's permit to drive until the person is at least eighteen (18) years of age. Habitual truancy is defined as 3 or more trancies per school year.

"No School" Procedures

Trip Guidelines for Students Participating in Activities

The West Central School Corporation expects that students who are members of the participating group to ride the school bus to and from the out-of-town activity. Students will not be permitted to drive to or from the activity on their own. In case of emergencies or conflicts, students who wish to be transported by their parents must have their parents make a request to the director in charge of the activity. Students requesting to ride with someone else's parents must also have their parents make a request to the director in charge. All requests should be taken care of prior to the trip. The principal must approve any exceptions to the guidelines in advance. The guidelines are for the best interest and safety of the students and programs.

Fan Bus Regulations

All students riding to an athletic contest on a fan bus are required to return on the fan bus unless parents or guardians contact the bus supervisor in advance. A student who fails to comply with the rules and regulations for the fan bus will lose the privilege of riding the bus and may be subject to further discipline.

Student Conduct and Discipline Guidelines

To be an effective school there must be a combination of good order and respect for the rights, privileges and safety of others. To attain these objectives, the governing body has established written rules and standards concerning student conduct which are reasonably necessary to carry out or to prevent interference with carrying out the educational functions of the school. A copy of the discipline policy is distributed to each student and parent or legal guardian of each student. The corporation requests that a student's parent or legal guardian and the student acknowledge in writing, on the form provided, that each individual has reviewed the disciplinary policy. Any administrator, teacher or other personnel of the school corporation shall be authorized to take action in connection with student behavior, in addition to the actions specifically provided in the student handbook. When attempting to prevent or correct interference with school purpose.

Specific forms of disciplinary action are:

- 1) refer to counselor for problem solving;
- 2) conference with a parent by phone or in person;
- 3) assigning additional work;
- 4) rearranging class schedule;
- 5) before or after school detention;
- 6) restriction of participating in or attendance at extracurricular activities;
- 7) school related work activities or community service as an alternative to other means of discipline;
- 9) corporal punishment may be administered at the discretion of an administrator but shall not be administered with anger or malice toward the student. An adult witness employed by the school corporation shall be required to be present and serve as a witness to this form of discipline;
- 10) contact outside authorities for assistance - welfare department, probation department, law enforcement, juvenile court, etc.;
- 11) suspension from school attendance;
- 12) expulsion from school attendance; and
- 13) any other action deemed necessary and appropriate to maintain discipline.

GENERAL RULES

Smoking and Tobacco Products

TOBACCO FREE ENVIRONMENT

Effective June 1, 2009, West Central School Corporation was declared a "Tobacco Free" campus. This includes all buildings, grounds, in vehicles while on school grounds and school owned vehicles at any time. This policy applies to all staff, students and visitors to the West Central campus and is in effect twenty-four hours per day. This policy is in keeping with the Pro-Children Act of 1994, revised in 2001.

Students are not permitted to **possess**, smoke, or chew tobacco, anywhere in the school building, on school grounds **including vehicles**, on school buses, **at bus stops**, and/or at school sponsored activities at any location. Tobacco policy includes vaping, vaping supplies, and all

electronic devices and nicotine delivery devices of any kind.

First Offense - Out-of-School Suspension (O.S.S.) - 3 days

Second Offense - 5-10 day suspension from school and possible expulsion

It is also a violation of the disciplinary code to possess, provide to another person, or to assist in (such as being a "look-out") the use of tobacco or any other smoking material, or any substance which is, looks like, or which is or was represented to be a tobacco product. Disciplinary action and/or suspension will result.

Drugs/Alcohol

It is a violation of the school disciplinary code to knowingly possess, use, provide, or transmit to another person; or purchase or receive from another person; or be under the influence of: any substance which is, looks like, or which is or was represented to be a narcotic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, substance containing alcohol, heavily-based caffeine product, substance containing phenylpropanolamine (PPA), steroid, stimulant, depressant, or intoxicant of any kind. Use of a drug authorized by a medical prescription from a physician is not a violation of this subdivision. It is also a violation of the student disciplinary code to be in possession of or supply or receive from others, drug paraphernalia such as pipes, rolling papers, clips, etc.

1. On school grounds immediately before, during and immediately after school hours and at any time the school is being used by a school group.
2. Off school grounds at a school activity, function, or event.
3. Traveling to or from school or a school activity, function, or event.
4. Any student who is discovered to be under the influence of alcohol or drugs while at school or a school-sponsored event will be suspended, pending expulsion.

As an option to being expelled, the student may enroll in a program for alcohol and/or drug offenders through the Four County Counseling Services or similar professional service, for first time offenders, and with administrative approval. Students who are suspected to be under the influence of alcohol, drugs, or suspected of using nicotine while on campus will be requested to take a test for alcohol consumption. Refusal by a parent or student to take such a test can be considered an admission of guilt.

WEST CENTRAL MIDDLE/HIGH SCHOOL MANDATORY DRUG TESTING PROGRAM

The West Central School Corporation is committed to providing a school environment that is safe, free from substance use or abuse, and conducive to learning. Parents and school personnel must work together in order to attain a safe, orderly, and drug free school environment.

1. **PURPOSE**

The purpose of the drug-testing program is four fold: (1) To provide for the health and safety of students while directing them away from alcohol and drug abuse; (2) To undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use substances detrimental to their health; (3) To identify students who might have a drug/alcohol/substance abuse problem and encourage them to participate in a drug treatment program. (4) To prevent students from participating in extracurricular activities while he/she has drug residues in his/her body.

2. **INTRODUCTION**

The program does not affect the current policies, practices or rights of the West Central School Corporation regarding student drug and/ or alcohol possession or use, where reasonable suspicion is established by means other than drug testing through this policy. The drug testing policy is non-punitive. Students involved in extracurricular activities need to be exemplary in the eyes of the

community and other students. The drug testing and education policy is designed to create a safe, drug free environment for students and assist them in getting help when needed. Although students risk the loss of continued participation in extracurricular activities, no student shall be suspended or expelled from school as a result of any certified "positive" test conducted by his/her school under this program.

No student shall be expelled or suspended from school as a result of any verified positive test conducted by the school under this program other than those stated therein. However, a student will be suspended from extra-curricular activities and/or driving privileges if found in violation of this policy. No student will be penalized academically for testing positive for banned substances. The results of drug tests will not be documented in any student's academic records.

3. **WHO WILL BE RANDOMLY TESTED**

Any student in grades 6 through 12 and his or her parent(s) or legal guardian(s) must first sign a drug testing registration/consent form in order to be eligible to participate in any one or combination of the following:

- Drive a motorized vehicle to school
- Driver Education
- Athletics
- Extracurricular activities other than athletics
- Curriculum related activities

4. **DEFINITIONS**

Extracurricular Activity: Any school, club or activity listed as such in the West Central Schools Student Handbooks and those not listed.

Curriculum Related Activity: Any activity meeting the following criteria: (1) It is done or performed outside the regular school hours; (2) the student is graded on his/her performance, and (3) it is done in conjunction with a regular class or course that is a part of the school curriculum. (Curriculum related activities include, but are not limited to, band activities, choral activities, theater activities, etc.

Athlete: Any student who is actively participating in any West Central Schools sponsored sport as listed in the West Central Student Handbooks.

5. **LEGAL OBLIGATION**

Indiana Code 20-8.1-7 sets for health measures to be governed by school officials. Most specifically, 1C 20-8.7-2 establishes the responsibilities of schools to assist children found to be ill or in need of treatment.

6. **DRUG EDUCATION**

Each prospective participant shall receive a copy of this policy. The policy will be explained to them at this time. If a student has tested positive, they will need to provide proof of participation in a drug or alcohol education program. Students will receive information as to where they can seek professional help, if needed, for a use or abuse problem.

7. **CONSENT FORM**

Students who drive to school, participate in extracurricular activities, participate in athletics, participate in curriculum related activities or participate in driver education will receive a "registration/consent" form, a copy of which is attached hereto, which shall be signed and dated by

the participant and by the parent(s)/guardian(s). In doing so, the student is agreeing to participate in the random drug testing and education program at the West Central Schools in grades 6-12.

It is **Mandatory** that each student who intends to drive to school, participate in extracurricular activities, participate in curriculum related activities, participate in athletics or participate in driver education sign and return the "consent form" prior to participation in any of the above listed activities. **Failure to comply will result in non-participation in the above listed activities.**

8. TESTING PROCEDURES

Each student participating in the program will be assigned a number, and the principal or designee will maintain one cross-reference list of names and numbers. The selection of students to be tested will be done **RANDOMLY** and may occur on different days Monday through Saturday throughout the school year. The drug testing company (Witham Toxicology) will do the selection of students. They will call the number selected and the principal or designee will cross-reference the numbers selected to the master list of participating students.

If a student shows signs of reasonable suspicion, the principal/designee may call the student's parent/guardian and request that the student be tested. Also, a parent may request testing of his/her student (at the parent's expense). No student will be given advance notice or early warning of the testing. In addition, a strict chain of custody will be enforced to eliminate invalid tests or outside influences.

Upon being selected for a urinalysis under this policy, either by random draw, reasonable suspicion, request of parent/guardian, or a "follow up" test, a student will be required to provide a sample of "fresh" urine according to the quality control standards and policy of the laboratory conducting the urinalysis.

All students will remain under school and/or testing lab supervision until they have produced an adequate, acceptable urine specimen. If a student is unable to produce a specimen, the student will be given a glass of water, or soft drink. If the student is unable to produce a specimen by the end of the school day, he/she will be required to report to the principal's or designee office where they will be given an informal hearing. The hearing will be to discuss any medical and/or other reasons he/she was unable to provide a specimen. The principal will consider any reasons given by the student before determining whether the student may continue in any school activities referred to earlier. In addition, parents will be telephoned and informed of the situation prior to the informal hearing. The parent will be given the choice of attending the hearing or discussing the matter over the telephone prior to the hearing. If the principal is unable to reach the parent prior to the hearing and has made a reasonable effort to do so, the informal hearing may proceed. If it is found that the student is being uncooperative in the testing procedure he/she may be tested at a later date to be reinstated for eligibility in school activities or may suffer the maximum consequence at the principal's discretion.

All specimens registering below 90.5 degrees or above 98.8 degrees Fahrenheit will be invalid. There is a heat strip on each of the specimen bottles indicating the validity of the urine specimen by temperature. If this occurs, the student must give another specimen.

If it is proven that tampering or cheating has occurred during the collection process, the student will become ineligible for all the extracurricular, athletic or curriculum related activities for 12 consecutive months (1 year). This will be reported to the parent(s)/guardian(s). Immediately after the specimen is taken, the student may return to class with an admit slip or pass with the time he/she left the collection site. The principal/designee must time and sign the pass.

The testing laboratory will then take the specimens, and each specimen will be sent off for a 10-panel drug test (which may include all drugs listed as controlled substances under the laws of Indiana).

The testing laboratory selected must follow the standards set by the Department of Health and Human Services. It must be certified under the auspices of the Clinical Laboratory Improvement Act (CLIA) and the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

9. **TEST RESULTS**

This program seeks to provide needed help for students who have a verified "positive" test. The student's health, welfare and safety will be the reasons for preventing students from participating in extracurricular activities.

If the results of the test are "positive", that is, if they show drug/alcohol/nicotine residue, the principal will advise the student and the student's parent(s) or guardian(s). Information on a verified "positive" test result will be shared on a "need to know basis" with the student's coach or sponsor. The results of the "negative" tests will be kept confidential to protect the identity of all students being tested. At notification either by phone call, letter or personal contact, the student and the student's custodial parent(s) or guardian(s) may submit any prescription or other explanation or information which will be considered in determining whether a "positive" test can be satisfactorily explained.

Once a student, who was found to have a positive urine test through the provisions of this policy, or has been arrested by law enforcement, a "follow-up" test of that student will be conducted after such an interval of time that the substance previously found would normally have been eliminated from the body if no intervening drug use had occurred. If a second "positive" result is obtained from the "follow-up" test or any later test of that student, the said student will be subject to the terms of this policy "second consequence" level. In addition, the student may be required to continue testing at the discretion of school authorities to determine the student's ability to maintain an alcohol/drug free lifestyle.

In addition, the student or parent(s)/guardian(s) may appeal by requesting that the urine specimen be tested again by a certified laboratory at a cost to the student or his/her parent(s)/guardian(s). If the test is verified "positive", the principal/administrative designee will meet with the student and his/her parent(s)/guardian(s) at a school corporation facility. The parent(s)/guardian(s) will be given the names of counseling and assistance agencies that the family may want to contact for help. The principal/designee will also notify the student of any consequences, based on the policies/procedures as outlined in this program.

10. **CHAIN OF CUSTODY**

The designee of the building administration will oversee and conduct the testing program. The administrative designee will be responsible for setting up the collection environment, guarantee specimens and supervise the chain of custody. To maintain anonymity, the student's number, not name, will be used.

The principal/designee will be responsible for escorting students to be tested to the collection site. The student should bring all materials with him/her to the collection site and will not be allowed to go to his/her locker.

A sanitized kit containing a specimen bottle will be given to each student being tested. The bottle

will remain in the student's possession until a seal is placed on the bottle. The student will sign that the specimen has been sealed. Only the lab testing the specimen may break the seal.

After the specimen has been sealed, the administrative designee will transport the specimen to the testing laboratory. The testing laboratory will report the results back to the principal/designee as soon as possible.

The result sheet for the urinalysis will be mailed or emailed back to the principal/designee with no name attached; only the student random identification number will appear on the result sheet

11. FINANCIAL RESPONSIBILITY

Under this policy, West Central Schools will pay for all initial random drug tests, all initial reasonable suspicion drug tests, and all initial "follow-up" drug tests. A request on APPEAL for another test of a "positive" urine specimen is the financial responsibility of the student or his/ her parent(s)/guardian(s). Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student and his or her parent(s)/guardian(s).

12. CONSEQUENCES

Involvement in athletics, extracurricular or curriculum related activities and/or being a student driver are privileges. With that in mind, the West Central Schools feels that students who cannot follow the rules set forth in this Drug Testing Policy relinquish the privilege to participate in school activities as listed above.

The occurrences listed below are cumulative over the entire years of a student's middle and high school tenure with the West Central Schools.

Students who violate the West Central Drug Testing Policy using (valid police report or arrest) or having a positive test for drugs/alcohol will be suspended from participation in extracurricular activities, curricular activities, driver education, and parking on school property according to the following guidelines:

A. HONESTY CLAUSE

If a student admits to a violation of the West Central Drug Testing Policy prior to the date of being randomly tested, the "first offense" consequences will be reduced to half. A "follow-up" test will be administered to this student after such an interval of time that the substance previously admitted to would have normally been eliminated from the body if no intervening drug use had occurred. If a "positive" result is obtained from the "follow-up" test or any later test of that student, the said student will be subject to the terms of this policy "second consequence" level. In addition, the student may be required to continue testing at the discretion of school authorities to determine the student's ability to maintain an alcohol/drug free lifestyle. The honesty clause may only be used one time, on a first offense, per student involved during his/her MS/HS career.

B. FIRST OCCURENCE

Athletes will face consequences for first occurrence as provided in the West Central Athletic Code. A student participating in curriculum related or extracurricular activities shall be immediately suspended from participation in the next consecutive 30% of the events, functions, contests or other activities in which that student was to have participated in each of the extracurricular and curriculum related activities in which he or she is involved. The 30% shall be computed from the total functions, events or contests or other activities for each such extracurricular or curriculum related activity for the school year involved and not for those remaining for that school year. *

Student drivers shall have their privilege of driving to school suspended for 6 weeks (30 school days)

The penalties set forth in the section above, "First Offense", shall be cumulative so that the student participating in more than one sport or activity and/or driving shall incur the consequences set forth above as to each such activity in which he or she is involved.

To be able to resume the privilege of participating in activities and/or driving to school, the student will be tested again at the expense of the student or his/her custodial parent/guardian. This testing may occur at any time prior to full participation being allowed. If the student was to again test "positive", the student would have their second occurrence. The student will also be required to receive a substance abuse assessment from an outside agency at the expense of the student or custodial parent/guardian. The results of this assessment should be forwarded to the principal (or designee).

C. SECOND OCCURENCE

The student shall not be allowed to participate in any sport, extracurricular activity, curriculum-related activity and/or drive to school for 1 calendar year (12 consecutive months).

-To be able to resume the privilege of participating in activities and/or driving to school, the student will be tested again at the expense of the student or his/her custodial parent/guardian. This testing may occur at any time prior to full participation being allowed. If the student was to again test "positive", the student would have their second occurrence. The student will also be required to receive a substance abuse assessment from an outside agency at the expense of the student or custodial parent/guardian. The results of this assessment should be forwarded to the principal (or designee).

i. COUNSELING ALTERNATIVE RELATED to "SECOND OCCURENCE"

At the discretion of the West Central Schools, if a student successfully participates in the counseling program described below (the Counseling Alternative) the consequences set forth under "Second Offense" above **may** be reduced so that the student is suspended for less than 100% of the scheduled functions, events, contests, or other activities in which that student was to have participated, or in the case of drivers, for 6 consecutive months. The percentage reduced shall be computed from the total functions, events, contests or other activities for each such extracurricular or curriculum related activity for the school year involved and not from those remaining for that school year. The consequences shall be cumulative. *

ii. PROCEDURE for COUNSELING

In the event that a student who has committed a second offense wishes to undergo counseling for drug and alcohol abuse, the student or his parent(s) or guardian(s) shall so inform the athletic director (if the student is an athlete) and/or the principal or designee (if the student is a driver or participating in an extracurricular or curriculum related activity).

For the student to gain the benefit of the Counseling Alternative, his or her parent(s) or guardian(s), the principal, and either (1) the athletic director and coach of the sport in which the student participates, or (2) the sponsor of the extracurricular or curriculum related activity in which the student participates, or (3) the athletic director, coach and sponsor if the student is involved in both athletics and extracurricular or curriculum related activities, (the group considering the request of the particular student to participate in the Counseling Alternative shall be referred to below as the "Advisory or Athletic Council" must agree that the student be allowed to do so. In making the determination, the attitude of the student and his or her parents(s) or guardian(s), the nature of the offense, and whether or not the behavior in question is of the kind customarily corrected shall be

taken into account.

If the "Counseling Alternative" is so agreed upon, the parent(s) or guardian(s) of the student shall be notified in writing. Then the parent(s) or guardian(s) must, within 15 days of the date set forth upon such written notice, file written proof from a reputable, professional counseling service setting out the counseling objectives and methods to be used. The counseling must be done in regular, reasonably frequent sessions for a minimum of six months. However, if a reputable counseling service, based on their professional judgment, concludes that a counseling period of less than six months is all that is required in a particular case, then the counseling may continue for a period of less than 6 months as recommended by the counseling service. Further, each month the student being counseled shall furnish to the school a copy of his or her counselor's report evidencing a bona fide effort on the part of the student to correct the problem for which he or she is being counseled and to participate in the counseling program. In the event that the "Advisory or Athletic Council" determines by a majority vote that the student does not in good faith participate in the counseling program, then the student's eligibility to participate in the Counseling Alternative and his or her eligibility for the resulting reduced consequence shall be terminated and the full one year suspension set for under "Second Offense" above shall be enforced.

Apart from the Drug Testing and education program, the West Central Schools coaching staff sponsors of extracurricular or curriculum related activities have their own training rules and requirements. Food Supplements:

Students are exposed to many individuals and/or marketing programs promoting the use of food supplements to increase performance. These food supplements are not necessary for a student's success. Students are not to possess, use, provide, or transmit to another person; or purchase or receive from another person; or be under the influence of food supplements.

School personnel and coaches should not dispense or encourage any drug, medication, or food supplement. Use of any drug, medication or food supplement in a way not prescribed by the manufacturer should not be authorized or encouraged by school personnel. Even natural substances in unnatural amounts may have short-term or long-term negative health effects. In order to minimize health and safety risks to students, maintain ethical standards and reduce liability risks, school personnel should never supply, recommend or permit the use of any drug, medication or food supplement solely for performance-enhancing purposes.

Firearms/Ammunition/Knife

The penalty for possession of a handgun or firearm on school property, or on a school bus is a felony (as well as possession of a handgun within 1000 feet of school property); ten days suspension and expulsion from school for one calendar year. The superintendent may reduce the length of the expulsion if the circumstances warrant such reduction. The offending student will be reported to law enforcement. A student may be suspended and expelled for possession of ammunition (shells, bullets, etc.) and/or a knife on school property including in a vehicle or on a school bus.

Fighting

Fighting will not be tolerated. Students should take their differences to the teacher in charge or to the office and not give in to physical fighting. Students involved in fighting will be suspended either in or out of school. Students who are involved in instigating others to fight may also be subject to disciplinary action.

Verbal Aggression

Verbal aggression towards anyone will not be tolerated. Disciplinary action and/or suspension **shall** result. Examples of verbal aggression are profane **and/or** obscene language, sexual harassment, forms of coercion, threats, intimidation, and **any racial comment(s) or racial slur**.

Bullying

Bullying is a very serious offense and will not be tolerated. Each incident will be handled based on the degree of the act as determined by the school administration. Acts of bullying may result in suspension or expulsion. In compliance with Senate Enrolled Act 285, bullying is defined as "overt, repeated acts or gestures, including verbal or written communications transmitted; physical act committed; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student." The consequences of bullying will apply when a student is on school grounds immediately before or during school hours, immediately after school hours, or at any other time when a school group is using the school. It also applies when our students are off school grounds at another school activity, function or event; traveling to or from school; attending a school-related activity, function, or event; or using property or equipment that has been provided by the school.

Instances of bullying can be reported to Administration, Guidance Counselors, teachers, or staff verbally or in written form. Also, bullying can be anonymously reported at the school website, wscs.k12.in.us.

Bullying Defined

Categories of Bullying for IDOE Reporting Requirements:

- Physical
- Verbal
- Social/Relational
- Electronic or Written Communication

What is Bullying?

"Bullying" (per IC 20-33-8-2) means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other targeted student and create for the targeted student an objectively hostile school environment that:

- (1) places the targeted student in reasonable fear of harm to the targeted student's person or property;
- (2) has a substantially detrimental effect on the targeted student's physical or mental health;
- (3) has the effect of substantially interfering with the targeted student's academic performance; or
- (4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

Bullying fosters a climate of fear and disrespect that can seriously impair the physical and psychological health of its victims and create conditions that negatively affect learning. Bullying includes unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. The imbalance of power involves the use of physical strength, or popularity to access embarrassing information to control or harm others. Bullying can occur anywhere (in-school or outside of school) and at any time – both during and after school hours. Bullying can include **physical bullying**, **verbal bullying**, **social/relational bullying**, and **electronic/written communication**.

Physical bullying involves harming a person's body or possessions. It includes hitting/kicking/punching, spitting, tripping or pushing, taking or breaking someone's things, and making mean or rude hand gestures.

Verbal bullying involves saying mean things. It can include teasing, name-calling, inappropriate sexual comments, taunting, or threatening to cause harm.

Social/relational bullying involves hurting someone's reputation or relationships. Social bullying involves telling other children not to be friends with someone, leaving someone out on purpose, spreading rumors about someone, or embarrassing someone in public.

Electronic/written communication involves cyber-bullying, collective or group note writing, any bullying undertaken through the use of electronic devices (computer, cell phones).

Considerations in determining if the behavior meets the definition of bullying:

- The history between the individuals.
- Have there been past conflicts?

- Have these individuals had a dating relationship? (This may not be considered bullying)
- Power differential. Is there an imbalance of power? (Power imbalance is not limited to physical strength.)
- Repetition. Has this or a similar incident happened before? Is the individual worried that it may happen again?
- Are any of the individuals involved with a gang? (This may result in interventions different from bullying.)

3. Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of the suspension; describe the student's misconduct, and the action taken by the principal.

EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:

Failure by a student or a student's parent to request and to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The notice of the right to an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent. The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of the notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate.

CAFETERIA POLICY

The school lunch program provides a regular "offer-vs-serve" lunch in accordance with the Federal School Lunch Program. Monthly menus with nutritional information are posted monthly via email and on the school website. The website is also the place to go for any nutritional information you may have about the lunch and breakfast programs at the school.

The school also has a Wellness Policy in place that states that there are to be no coffee, soft drinks, or energy drinks during the school day for the students. So please do not bring soft drinks or energy drinks to school with you on any given day for any reason.

Students will access the computerized system by using their student ID number. Money can be deposited into the student's account by online payments; cash or check turned into the office or brought to the cafeteria during breakfast. Please make sure the student's name and ID number are on the check or the envelope the cash is put into. The money then can be used to purchase

breakfast, lunch, or choice of extra ala carte items.

Our cafeteria computer does not allow students or staff to charge meals. The student is responsible for asking what their balance is. The cashiers try to inform the students when they are low on funds, so you need to pay attention when you go through the line. We have a "No Charge Policy" that can be found on the website. We want to ensure that every student has a meal, therefore we do ask that you know your balance, find a friend to buy you lunch for the day, or you can carry your lunch.

All students eating lunch are to do so at school. No students are to leave school during lunch. Students are to stay in the cafeteria or other areas deemed appropriate by the principal.

ATTENDANCE POLICY GRADES 6-12

Excused Absences:

These could include:

- Illness verified by note from parent/guardian
- Illness verified by note from Physician
- Family funeral
- Maternity
- Military Connected Families (e.g. absences related to deployment and return)

Unexcused Absences:

An unexcused absence is any absence not covered under the definition of excused or exempt.

Exempt Absences:

Under certain circumstances, the law requires the school to authorize the absence and excuse of a student:

- serving as a page or honoree of the General Assembly (IC 20-33-2-14);
- serving on the precinct election board or as a helper to a political candidate or party on the day of a municipal, primary or general election (IC 20-33-2-15);

- The principal or principal designee of a school corporation may authorize the absence and excuse of a student who attends any educationally related non-classroom activity if the activity is consistent with and promotes the educational philosophy and goals of the school corporation; facilitates the attainment of specific educational objectives; is part of the goals and objectives of an approved course or curriculum; represents a unique educational opportunity; cannot reasonably occur without interrupting the school day; and is approved in writing by the school principal. (IC 20-33-2-17.5) Certain school trips fall under this exception, as well as individual student absences.
- Students have been excused from attendance to participate in various academic bowls, band or orchestra trips, for attendance at local, state, or federal government proceedings, or to hear various public speakers or performers.

Excused and Unexcused Absences

Excused Absences

A student may not be counted absent from school more than 6 times per class period in a semester. All absences – excused and unexcused will count toward the 6 day limit. In case of extended illnesses, students should have a doctor complete a medical form.

A student who accumulates more than 6 excused or unexcused days of absence in any class or classes may lose credit in that class or classes. All school work under the first 6 excused days must be made up within twice the number of days missed in order to count for credit, but, maximum time allowed to make-up work will be five school days. Missed assignments and/or tests should not be completed during class time.

Justifiable “exempt” reasons at the discretion of the principal or principal designee.

- a. Religious holidays outside regular school vacation. (Parent note required)
- b. Emergency illness in the family. (Parent note required)
- c. Administratively approved educational vacation with the following provisions:
 - Maximum 5 school days per year. If more than five school days are used an option to receive credit for the additional days by attending two (2) Schools on Saturdays per day missed may be extended to the student. (Limited to two days)
 - All days will count to the total number of days allowed
 - Teachers have the option to expect the work to be completed before or during vacation or within the maximum time allowed for make-up work after returning to school.
- d. Driver’s test (completed appointment form from license examiner)
- e. College orientation and/or visitation (completed form from college advisor). These can be limited to Juniors and Seniors and may not be taken prior to a vacation.
- f. Job interview (completed form from the interviewer is required)
- g. Working at home at the request of a parent or guardian (request by phone)
- h. Exhibiting at the Indiana State Fair, one day. (Parent note upon return)
- i. Serve as a Page for a governmental agency, one day. (Parent note upon return)
- j. Serve on the precinct election board on the date of each general city or town, special and primary election at which they work, one day. (Parent note upon return)
- k. Court appointments - custody cases, divorces, probation, disciplinary reasons or other cases requiring a student’s appearance that is beyond the student’s control. (Note from court officials upon return)

PARENT NOTE OR PHONE CALL IS REQUIRED ON THE DAY THE CHILD IS ABSENT OR RETURNS TO SCHOOL AND NOT LATER THAN 2 DAYS AFTER THE INITIAL ABSENCE OR THE STUDENT MAY BE CONSIDERED UNEXCUSED/TRUANT.

Permission to Leave School

Students are not to leave the school building/grounds during the day without permission of school administration. A student who leaves the building/grounds without obtaining permission will be considered truant regardless of age.

Homework

When a student is absent from school and wants to request homework from their teacher, please call the office to make the request **prior to 9:30 in the morning**. This will allow each teacher time to prepare the work for the time the student is absent. It is the student’s responsibility to ask for homework assignments prior to field trips and other prearranged absences.

Denial of Credit

Students who exceed the maximum number of days MAY not receive credit for the course that term. However, the student will be encouraged to remain in the class for the remainder of the term and receive a withdrawal grade of "L", if the student is failing at the time, then the grade will be an "F". If the student dropped from the class after continued absence of three days or becomes a discipline problem, then precipitating an assignment to another station, the student will receive a grade of "F". The grade of "L" does not affect the grade point average, but the "F" will lower it. The loss of credit is serious and may ultimately have an effect on graduation.

Tardies

All tardies to school will be handled through the office. All students who arrive late must report to the office and sign in to school prior to attending any classes. If a student is 5 minutes late to class he/she will be counted tardy until 8:15. Tardies will accumulate per nine weeks to school and/or class period. Tardies will be reset to zero each nine weeks. Below is the consequence chart for total accumulated tardies per term:

<u>Tardies</u>	<u>Consequence</u>
0-4	No Penalty
5	One-hour Monday Night School
6	Two-hour Monday Night School
7	Three-hour Monday Night School
8	One day ISS
9	Two days ISS
10	Three days OSS
11	Ten days Pending Expulsion/Administration Discretion

Truancy

Attendance in school is compulsory as provided by Indiana Code 20-8.1-3-17. Failure of the child to attend school even one day without excuse is truancy. Cutting classes, one period or more - leaving the building without permission or failure to be excused by a teacher from class or the nurse, or being absent under false pretenses such as returning with a forged written note. Parents or guardians must write notes. An excused absence or an absence due to suspension, expulsion, exclusion, illness, incarceration or lawful removal of the student from school by the parent or guardian is not truancy. A child is not truant, or absent if the child is engaged in activities which are exceptions to compulsory school attendance as provided by Indiana Code 20-8.1-3-18.

ACCORDING TO INDIANA CODE 20-8.1-3-33: Compulsory Attendance; Parents Responsibility

(a) It is unlawful for a parent to fail to ensure that his child attends school as required under this chapter.

Habitual truancy is defined as 3 or more truancies per school year. The following may evidence habitual truancy:

1. Defiance of parent authority in the failure to attend school.
2. A repeated, continuous pattern of absences.

The penalty for truancy will be as follows:

First Offense - One (1) full day of In-School Suspension and/or after school detention/Contact Parent

Second Offense - Two (2) full days of In-School Suspension and/or after school detention/Contact the probation office/prosecuting attorneys/parents.

Third Offense - Habitual Truancy - 3-5 days OSS pending expulsion, contact PCPD & BMV

Attendance at Extracurricular Events

A student must be in attendance for at least one-half of the school day in order to attend or participate in any extra-curricular school activity unless for good reason the administration excuses the absence.

Students with an Emergency or Extraordinary Circumstances

The State Board of Education has passed a resolution allowing a shortened schedule for students on a term-by-term basis for extraordinary and/or emergency circumstances. The resolution gives local school officials the authority to adjust the school schedule to provide a school day that is shorter than the minimum length required by state statute and rules of the State Board of Education.

Examples of students who qualify are:

1. Students who are expecting a child or have recently had a child;
2. Students who have a temporary medical condition;
3. Students who are emancipated and have to work;
4. Students who are past their normal graduation date but return to complete their graduation requirements.

The local school is required to submit an information form to the State Department of Education once each term if a shortened schedule due to extraordinary and/or emergency circumstances must make the request in writing, stating the reasons. The student and parent or legal guardian must sign the written request.

Musical Instrument Rental Program

The West Central School Corporation shall provide an opportunity for a student enrolled in band to rent a school-owned musical instrument.

- The rental fee will cover the estimated cost of cleaning and general maintenance of the instrument at the end of each school year.
- The party renting the instrument will pay for any needed repairs due to damage to the instrument that is caused by misuse and/or carelessness on the part of the renter.
- If the instrument is lost or stolen, the renter will pay the replacement cost.
- The student renting the instrument and the student's parents will sign a "School-owned Instrument Rental Contract".

West Central Acceptable Use Policy for Computing/Networking

The West Central Computer Network System (henceforth referred to as: TrojanNet) is established for the educational and professional use of the West Central educational community. TrojanNet is a local and universal communications network which links West Central to various other networks, organizations, services and the Internet. The TrojanNet includes the West Central computer system and access to the Internet.

Mission

Electronic information skills are now fundamental to preparation of citizens and future employees. The mission of TrojanNet is to provide and maintain an infrastructure of computers, telecommunications equipment, and other new technologies to promote personal growth in information gathering techniques, critical thinking skills, and communication skills.

Responsibility

The networking environment requires that West Central define guidelines for the use of electronic information resources. The use of the TrojanNet is a privilege not a right. Access entails responsibility. West Central regulates access to the network by principals, rules, and expectations consistent with the educational mission of the schools. Disciplinary action will be determined at the

building level regarding any violation of this agreement. Depending upon the severity of the abuse, the penalty might go beyond denial of service to reporting the abuse to appropriate authorities for prosecution. The educational value of the TrojanNet is the joint responsibility of students, parents/guardians, and employees of the School Corporation.

Agreement

All students and staff will be asked to sign the Contract for Acceptable Use of the West Central School Corporation TrojanNet (along with their parents or guardians if under age 18), to indicate their cooperation with this policy. This will assure that the school family understands the rules and regulations under which access to the TrojanNet may be obtained. These agreements will be held on file in each school building. Only students and staff with signed agreements on file will be given privilege to use the TrojanNet. The signature(s) at the end of this document is (are) legally binding and indicates the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their signature.

Disclaimer

West Central School Corporation makes no warranties of any kind, whether expressed or implied, for the service it is providing. The West Central School Corporation will not be responsible for:

- Any damages you suffer. This includes loss of data resulting from delays, non deliveries missed-deliveries, or service interruptions caused by it's own negligence or your errors or omissions,
- Information retrieved or stored on school diskettes, hard drives, or servers.
- Personal property used to access corporation's computers, networks, or on-line resources.
- Financial obligations resulting from use of school corporation resources/accounts to access the Internet.
- Any unsolicited on-line contacts.
- Use of any information obtained via the Internet is at your own risk. West Central School Corporation specifically denies responsibility for the accuracy or quality of information obtained through its services.

Security

Students and staff who have their own computer account on the TrojanNet must guard their password. Someone who logs in using another person's name and password can access private files and can "blame" any actions on that person. The TrojanNet administrators do have the capacity and the right to investigate any files placed on the TrojanNet. The TrojanNet does have the capacity to monitor Internet access sites visited by keeping a log of every page accessed by any and all individuals. Passwords, therefore, must be kept private. No one should try to discover another person's password or try to log in as someone else. Doing so will result in disciplinary action.

Users who are accustomed to a personal computer at home need to be more considerate of others when using the school's computers and the Internet. Security on the school's computers is a major issue. Downloading programs or changing the computer's setup should not be done at school. Users should inform their immediate supervisor regarding any unsolicited on-line contacts. Any user who identifies or knows about a security problem on the TrojanNet is responsible to convey the details of that problem to the TrojanNet administrators without discussing it with others.

Acceptable Use

Acceptable use of the TrojanNet is when the access is in direct support of the educational program of the school. Keep in mind that the purpose of the acceptable use is as important as the use itself. Some exploration on the Internet is natural, inevitable and beneficial. This kind of Internet use will be acceptable only under the direct supervision of a faculty or staff member. However, the administrators of the TrojanNet reserve the right to restrict the non-essential use of the system.

The following uses of TrojanNet access are not permitted:

- To reveal the personal address or phone number of yourself or others.
- To communicate any credit card number, bank account number, or any other financial information.
- To use the TrojanNet for commercial purposes, illegal purposes in support of illegal activities, political purposes, or product advertisements.
- To violate any local, state, or federal statute.
- To access another person's material, information or files.
- To violate copyright, or otherwise use another person's intellectual property without their prior approval or proper citation.
- To access or transmit obscene materials. Sending or receiving offensive messages or pictures from any source is unacceptable.
- To write or send unacceptable messages. Use appropriate language. Do not use vulgarities or any other inappropriate language.
- To harm or destroy data of another user or any hardware or software, or other things of value.

REMEMBER: Any TrojanNet user's traffic that traverses another network may be subject to that Network's acceptable use policy.

NOTICE: This policy and all of its provisions are subordinate to local, state, and federal statutes.

Violation of the West Central Acceptable Use Policy will result in the following:

First Offense: The student is not allowed to use any computers on campus for twenty (20) school days. The student may do any and all computer work outside of school and turn it in for full credit the next school day.

Second Offense: The student is not allowed to use any computers on campus for forty-five (45) school days. The student may do any and all computer work outside of school and turn it in for full credit the next school day.

WEST CENTRAL SCHOOL CORPORATION STUDENT CONDUCT & DISCIPLINE GUIDELINES

Each year a few laws are enacted by the state legislature that affects the schools throughout the state. This year was no exception as each school corporation is to have developed written discipline and student conduct guidelines. These guidelines are to be made available to the students and to the parents/guardians. Signatures are required on the form indicating that it has been read, not necessarily all parties agree to, that it. Therefore, the cooperation of all parents is appreciated by signing the appropriate form and returning it prior to the first day of school.

The West Central School Corporation takes a strong position on any involvement with drugs. A student who has in their possession or is involved with the use of drugs in any form while on school property, or is involved with the sale of drugs or any substance alleged to be drugs, will be recommended for expulsion. This policy is in effect during the school day and at all extracurricular events.

To be an effective school there must be a combination of good order and respect for the rights, privileges and safety of others. To attend these objectives, the governing body has established written rules and standards concerning student conduct which are reasonably necessary to carry out or to prevent interference with carrying out the educational functions of the school. A copy of the discipline policy is distributed to each student and parent or legal guardian of each student. The corporation requests that a student's parent or legal guardian and the student acknowledge in writing, on the form provided, that each individual has received the disciplinary policy.

Any administrator, teacher or other personnel of the school corporation shall be authorized to take action in connection with student behavior, in addition to the actions specifically provided in the student handbook, when attempting to prevent or correct interference with school purposes. Specific forms of disciplinary action are:

- 1) Refer to counselor for problem solving;
- 2) Conference with a parent by phone or in person;
- 3) Assigning additional work;
- 4) Rearranging class schedule;
- 5) Before or after school detention;
- 6) Restriction of participating in or attendance at extra curricular activities;
- 7) School related work activities as an alternative to other means of discipline;
- 8) Remove from classroom for a period of time;
- 9) Attendance at Saturday School;
- 10) Corporal punishment may be administered at the discretion of an administrator but shall not be administered with anger or malice toward the student. An adult witness employed by the school corporation shall be required to be present and serve as a witness to this form of discipline;
- 11) Contact outside authorities for assistance-welfare department, probation department, law enforcement, etc.;
- 12) Suspension from school attendance;
- 13) Expulsion from school attendance; and
- 14) Any other action deemed necessary and appropriate to maintain discipline.
