### MISSION STATEMENT

West Central Schools commit to a comprehensive system of support, which ensures every member of the school community is prepared for further learning and successful career opportunities in a technology rich global economy. This is accomplished in an environment that fosters positive attitudes towards self, others, work, and responsible citizenship.

### BELIEF STATEMENTS

All students need:

- a clean, safe, structured environment that fosters a sense of belonging, dignity, and respect, which promotes student achievement, appropriate social skills, and healthy lifestyle.
- a well-developed rigorous curriculum, relevant instructional activities, and assessment measures that provide higher level learning opportunities and enables student success.
- parents, community, and a highly qualified staff to share the responsibility, through collaboration and communication, in advancing the school system's mission and goals.

### DISTRICT GOAL

All students will improve their ability to use language to read, write, listen, and speak for effective communication in a global workforce.

### Welcome Trojans!

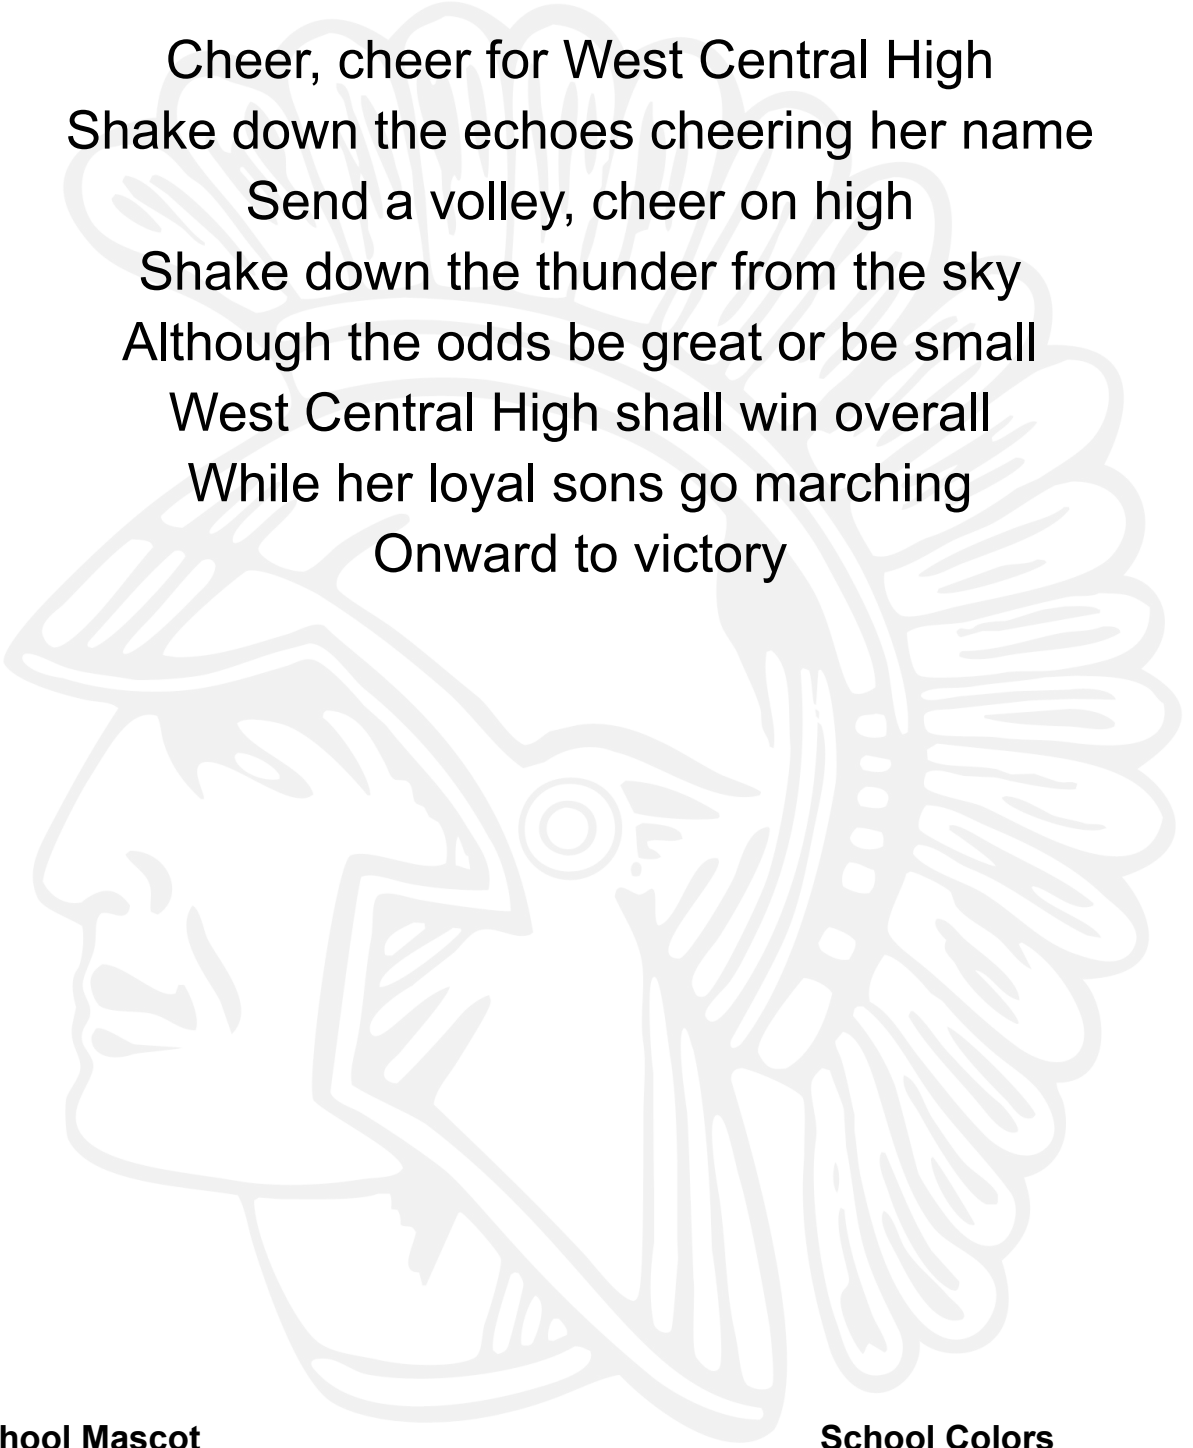

West Central High School extends its greetings to you. In order that you become better acquainted with the many aspects of your school, this handbook has been prepared to introduce you to the programs, activities and opportunities available in this school. The aim of the faculty and administration is to present the best educational program possible and also to provide opportunities for social, physical and emotional development. The policies in this handbook are effective for Summer School as well as the regular school year. Our school welcomes you to its ranks and hopes that you will always be conscious of its traditions and requirements. This school will be whatever you make it. Let us always have the spirit to do things, which will make it outstanding.

The purpose of the Student/Parent Handbook is to give students and their parents/guardians an understanding of the general rules and guidelines for attending and receiving an education in our school. In case of a conflict between a Board Policy and the provisions of this handbook, the Board Policy most recently adopted by the Board will prevail. (In some cases this may be the provisions in the handbook. The Board will immediately update the Board Policy as needed in these circumstances.) The handbook is not a contract between the school and parents/guardians or students. It can be amended at any time at the discretion of the corporation. If policy changes are enacted during the school year, the administration will communicate the changes to students, staff, and parents/guardians.

Educational services, programs, instruction, and facilities will not be denied to anyone in the West Central School Corporation as the result of his or her age, race, color, national origin, sex, or handicapped condition.

## I. STUDENT EXPECTATIONS

The purpose of school is to provide the best possible educational environment for the students in our district. A student's primary responsibility is to learn at high levels in a safe environment that is conducive to students maximizing their potential. Student behavior and discipline policies are in effect at all school-sponsored events on or off campus.

### STUDENT RESPONSIBILITIES

Disruption, disrespect, insubordination, or noncompliance with other West Central MS/HS rules and/or school personnel will result in appropriate disciplinary action.

1. All students shall accept responsibility for their behavior.
2. All students shall show respect for self, others, and the campus and building by keeping West Central MS/HS free from vandalism, graffiti, and other personal trash.
3. All students shall comply with school board policies, rules, and standards designed to protect the rights of all.
4. All student shall contribute to a positive classroom environment by:
  - a. Being respectful and considerate of teachers and classmates in words and actions.
  - b. Remaining awake and avoiding the impression of sleeping.
  - c. Coming prepared to class with required materials and charged Chromebooks.
  - d. Sitting in assigned seats.
  - e. Working only on assignments from the current class unless otherwise directed by a teacher.
  - f. Remaining seated and working until the bell rings. The teacher dismisses class, not the bell.
  - g. Participating in class.

### ATTENDANCE POLICY

All students enrolled at West Central School Corporation need to attend school regularly in accordance with Indiana Code 20-8.1-3-17.2. The education program of West Central MS/HS is predicated on the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students in the classroom and their interaction with one another in a well-planned instructional activity under the guidance of a competent teacher are vital to the educational process. Indiana Code 20-8.1-3-32 states that it shall be unlawful for a parent to fail to ensure that his/her child attends school as required. Therefore, students are expected to attend school everyday. If a student must be absent, it is the parent's responsibility to notify the school of the day of the absence and provide documentation. In accordance with Indiana Code 20-33-8-17, a student may be expelled from school if the student's legal settlement is not in the attendance area of the school corporation where the student is enrolled.

Parents are strongly encouraged to regularly monitor their student's attendance record via Alma Parent Access.

### CHRONIC MEDICAL CONDITIONS

Parents of guardians of any student who is experiencing a "chronic medical condition," an illness which results in missing a considerable number of school days, will be required to contact the student's guidance counselor and principal to discuss options.

### ABSENTEEISM

**Exempt Absence** - Students are counted as present

In each of the following circumstances, the student will not to be recorded as absent, and is not to be penalized in any way by the school:

- Serving as a page or honoree of the General Assembly (IC 20-33-2-14)
- Serving on the precinct election board or as a helper to a political candidate or party on the day of a municipal, primary, or general election (IC 20-33-2-15)
- Subpoenaed to testify in court (IC 20-33-2-16)

- Serving with the National Guard for no more than 10 days (IC 20-33-2-17)
- Serving with the Civil Air Patrol for up to five days (IC 20-33-2-17.2)
- Approved educationally related non-classroom activity (IC 20-33-2-17.5).
- The student or a member of the student's household exhibits or participates in the Indiana State Fair for educational purposes (IC 20-33-2-17.7)

**Students are allowed 6 absences per semester.**

### **Excused Absence**

Excused absences are defined as absences that the school corporation regards as legitimate reasons for being out of school. It is important to note that even though an absence is excused it will be counted towards the 6 day limit per semester.

- School nurse requests that a parent pick up a student
- Illness verified by doctor's note from physician
- Funeral/bereavement
- Illness verified by note or call from parent/guardian
- Military family deployment or return

### **Unexcused Absence**

- Student calls/text parent they are sick and a parent picks up without the student seeing the nurse for confirmation of illness
  - Any other absence not covered under the definition of excused or exempt absence
1. Upon the fourth full day or single period absence (excused or unexcused) of the semester, student and parent/guardian will be advised via letter home and/or email regarding the attendance concern and policy.
  2. Upon the sixth full day or single period absence (excused or unexcused) of the semester, the assigned administrator will contact student and parent/guardian to review the attendance policy and expectations, and will outline possible disciplinary procedures.
  3. Upon the seventh full day or single period absence (excused or unexcused) of the semester, the assigned administrator will schedule a meeting with the student and parent/guardian; other school personnel may be invited. The student will be placed on an Attendance Contract and stipulations for compliance will be outlined and may include: exclusion from participation in extracurricular activities, driving to school, dances, referral to the truancy diversion program, and/or alternative to expulsion.
  4. Upon the tenth full day or single period absence of the semester, the assigned administrator will work with the superintendent, student, and parent/guardian to schedule an Attendance Waiver meeting and/or recommendation for expulsion; students may also be removed from the course(s) and lose credits.

### **EXTRACURRICULAR ATTENDANCE**

Daily attendance at school and practice is expected of all students involved in extracurricular activities. Students must be in attendance in ALL of their classes in order to be considered eligible to participate in an event that day. Attendance at school the day following an evening event is always expected. Habitual school absences following an evening event will be subject to disciplinary action. Exceptions are absences that have been excused by the school administration for such activities as field trips, attendance at funerals, school visitations, doctor's appointments, etc.

### **LATE ARRIVAL**

All students who arrive late to school must sign in with the front office. Students are considered absent from a class if they are more than 10 minutes late. Parents are advised to call 219-567-9119 if their student will be late to school by 10 minutes or more.

### **LEGAL SETTLEMENT**

A student may be expelled if it is determined that the student's legal settlement is not in the attendance area of West Central School Corporation and the required paperwork was not filed.

## PERMIT TO LEAVE SCHOOL

---

Appointments, such as doctor, dentist, orthodontist, or counseling, should be made outside of the school day. If a student must leave during the day, the student should present a written request from the parent or guardian to the attendance secretary before the first period bell. If a note is not presented and the request is arranged by telephone or email with the attendance secretary, the parent/guardian must sign the student out in person. This procedure is strictly enforced to secure the safety and well-being of your child and, if not followed, will result in an unexcused absence or truancy.

## PREARRANGED ABSENCES

---

The school discourages students from taking family trips/vacations during the school year. Be advised that negative academic consequences are likely to occur due to absences. Participation in classroom discussions and activities will be missed and the burden will be placed on the student to complete the make up work. **All absences due to vacations will be counted toward the students' total number of absences.** If there is a need for a prearranged absence, parents should send a note to the attendance secretary at least 5 days in advance of the proposed absence. The note should include the reason for the absence and number of days the student will be out of school. This request will be forwarded to administration for approval. Prior to leaving, it is the students responsibility to make arrangements with individual teachers for work that will be missed during the pre-arranged absence. Students should request a prearranged absence form from the front office to complete.

Final exams will not be taken early unless pre-approved by the West Central MS/HS principal.

## REPORTING STUDENT ABSENCE

---

The parent/guardian of any student has the duty and responsibility to notify the school of each student's absence prior to 9:00 a.m. on the day of the absence. When an illness exceeds the initial time indicated, the parent shall again notify school officials.

Parents may call 24 hours a day to report an absence.

When reporting the absence, the parent should give the following information:

1. Name of the caller and relationship to the student
2. Student's name and grade in school
3. Reason for the absence

Students are expected to submit documentation for exempt and excused absences the day they return to school.

ANY STUDENT ABSENCE THAT IS NOT VERIFIED BY A PARENT/GUARDIAN WITHIN 48 HOURS MAY BECOME A TRUANCY AND RESULT IN DISCIPLINARY ACTION.

## TARDY POLICY

---

Regular and prompt school attendance is necessary both in the development of students' responsibility and in the achievement of academic success. Students are expected to be in their assigned classroom when the bell sounds at the start of each class. Tardiness per semester/per class will be handled with a progressive disciplinary approach.

1. Tardies 1-4 will result in a verbal warning from the teacher and the tardy will be documented in the student's attendance record.
2. Tardies 5-7 will result in Monday Night School.
  - a. 5 tardies = 1 hr MNS
  - b. 6 tardies = 2 hr MNS
  - c. 7 tardies = 3 hr MNS

Failure to serve a MNS will result in double time or a suspension.

3. Tardies 8+ will be referred to an administrator for assignment of disciplinary action that may include: exclusion from participation in extracurricular activities, driving to school, dances, removal from the course, suspension, and/or recommendation for expulsion.

## TRANSPORTATION DELAYS

---

1. If a student is late for school due to delays caused by school bus transportation, an announcement will be made for teachers and the student will not be marked tardy or absent.
2. If a student uses private transportation and is late to school, the tardy or absence is not excused. Refer to Attendance Policy for consequences.

## TRUANCY

---

A student who leaves the building without prior permission, who remains in the school building but who misses class time without permission, or who refuses to attend school in defiance of parental/guardian authority will be considered truant. This includes the student and/or parent fraudulently (not) reporting an absence. West Central Middle/High School will cooperate with the Pulaski County Juvenile Court System to address students with truantries.

1. Upon the first referral for full day or single period truancy for the school year, the student and parent/guardian will be contacted by a West Central administrator, and the student will be issued an in-school suspension.
2. Upon the second referral for full day or single period truancy for the school year, a required meeting will be convened with school personnel, student, and parent / guardian. The student will be assigned a suspension. Students may be excluded from participation in extracurricular activities, driving to school, dances, and/or alternative to expulsion options.
3. Upon the third referral for full day or single period truancy for the school year, a required meeting will be convened with school personnel, student, and parent/guardian at which time the student will be placed on an attendance contract or recommended for expulsion. Additionally, the student will be classified as a habitual truant and may have his/her name sent to the Indiana Bureau of Motor Vehicles and his/her driver's license will be revoked for 120 days. A student who is under sixteen (16) years of age will not be allowed to obtain a license until the age of eighteen (18) or until he/she is no longer classified as a habitual truant. A student identified as a habitual truant is entitled to a review of his/her attendance record at least once a year to determine if attendance has improved so that he/she may become eligible for a license or permit.

## II. STUDENT CONDUCT AND DISCIPLINE

---

Students are subject to school rules:

- A. On school grounds before, during or after school hours and at any other time the school is used by a school group.
- B. Off grounds at a school activity, function, or event.
- C. While traveling to or from school or a school activity, function, or event.

In addition, students may be disciplined for engaging in unlawful activity on or off school grounds which may reasonably be considered an interference with school purposes or educational functions or which necessitates their removal to restore order or protect persons or school property. This includes any such unlawful activity that takes place during weekends, holidays, and other school breaks, and the summer period when a student may not be attending classes or other school functions. In the absence of student self-discipline, there are times when it is necessary for school officials to make a decision concerning the acceptability of a student's behavior when it interferes with school purposes or educational functions. Each administrator, teacher, or any other school personnel is responsible for enforcing the rules for student conduct adopted by the individual school. Where a conflict in policy exists, School Board regulations or State/Federal statute supersedes this handbook. These decisions will be based on the welfare of the total school community and the behavior's effect on the learning environment. While some infractions will receive the maximum allowable punishment, other disciplinary consequences may be altered, based on the discretion of the principal.

## ACADEMIC INTEGRITY

---

Cheating is defined as seeking to obtain (or aiding another to obtain) credit or improved scores through the use of any unauthorized or deceptive means. Unauthorized and deceptive means of any kind with respect to examinations/assessments, course assignments, alteration of records, illegal possession of examinations (electronic or hard copy, photographs), and/or unauthorized use of and/or access to web-based resources shall be considered

cheating. It is the responsibility of each student not only to abstain from cheating but to avoid the appearance of cheating and to guard against making it possible for others to cheat. The student should also maintain respect for honesty in the performance of assigned tasks in and out of the classroom and comply with all teacher specified guidelines for academic integrity. Plagiarizing (i.e. submission of term paper, reports, etc. that are not original works by the student) is a form of academic dishonesty and subject to disciplinary action. Students who violate the academic integrity policy as a first offense will have their parent contacted by their teacher and the teacher will allow a student to complete a replacement assignment/assessment for credit with up to 50% reduction; students may be required to complete an academic dishonesty assignment in order to receive credit and may be subject to suspension or other disciplinary consequences to address the behavior. A second offense will result in loss of credit for the assignment/assessment. Should a second offense occur, it may result in failure for the grading period, removal from the course, and/or disciplinary action. **Cheating is a cumulative offense not contained within a single semester.**

#### ANTI-HARASSMENT

---

It is the policy of West Central School Corporation to maintain a learning environment that is free from unlawful harassment. Such conduct includes unwelcome physical, verbal, or nonverbal conduct which has the purpose or effect of interfering with your educational performance; of creating an intimidating, hostile or offensive learning environment; or of interfering with your ability to participate in or benefit from a class or educational activity, and is based on your gender, race, or color (or customs), national origin (for example, negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs), religion (for instance, negative comments about religious traditions, clothing, surnames, or ethnic slurs), disability (for instance, negative comments about speech pattern, movement, physical impairments or appearances) or any other unlawful basis. This applies to all programs and activities occurring on school property or at another location if the conduct occurs during a school-sponsored activity. If you believe you have experienced harassing conduct of this nature or you have observed another student experience such conduct, you are encouraged to promptly report incidents of harassing conduct to your principal or to any teacher, guidance counselor, assistant principal, activity sponsor, or coach with whom you are comfortable. Making such a report in good faith will not affect your grades, class assignments, or status and will be investigated in a confidential manner, consistent with the School Corporation's legal obligations. A student committing such conduct is subject to disciplinary action consistent with school policy. A student retaliating against a student who has made a good faith report of such conduct or against a student who participated in the investigation of such conduct is subject to disciplinary action consistent with school policy. A student who knowingly makes a false report of such conduct in an attempt to demean, harass, or embarrass that individual shall be subject to disciplinary action consistent with school policy.

#### BULLYING

---

1. Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct described in this rule by use of data or computer software that is accessed through any computer, any computer system, any computer network; or cellular telephone or other wireless or cellular communications device is also prohibited.

2. For purposes of this rule, bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any matter including electronically or digitally, physical acts committed, aggression, or any similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:

- places the targeted student in reasonable fear of harm to the targeted student's person or property;
- has a substantially detrimental effect of the targeted student's physical or mental health;
- has the effect of substantially interfering with the targeted student's academic performance; or
- has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

3. This rule may be applied regardless of the physical location of the bullying behavior when a student committing bullying behavior and the targeted students attend a school within the school corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent any unreasonable threat to the rights of other students to a safe and peaceful learning environment.

4. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to a school administrator who has responsibility for all investigations of student misconduct including bullying. A student or parent may also report the conduct to a teacher or counselor who will be responsible for notifying the school administrator. This report may be made anonymously.
5. A school administrator shall investigate all reports of bullying made pursuant to the provisions of this rule. Such investigation must include any action or appropriate responses that may be taken immediately to address the bullying conduct wherever it takes place. The parents of the bully and the targeted student(s) shall be notified of the progress and the findings of the investigation and of any remedial action that has been taken.
6. The school administrator will be responsible for working with the school counselors and other community resources to provide follow-up services to support the targeted student and to educate the student engaging in the bullying behavior on the effects of bullying and the prevention of bullying. In addition, the school administrator and/or school counselors will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement.
7. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions if the investigation of the report finds it to be false.
8. A violation of this rule prohibiting bullying may result in any appropriate disciplinary action or sanction, including suspension and/or expulsion.
9. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.
10. Educational outreach and training will be provided to school support personnel, parents, and students concerning the identification, prevention, and intervention in bullying.
11. All schools in the corporation are encouraged to engage students, staff, and parents in meaningful discussions about the negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.
12. The superintendent or designee will be responsible for developing detailed administrative procedures consistent with the Indiana Department of Education guidelines for the implementation of the provisions of this rule.

#### BUS CONDUCT

Bus conduct and safety rules are designed to promote safety on the school bus, at the bus stop, and while entering or leaving the bus. All school conduct rules apply during these times. Because the safety of each student is one of our top priorities, all individuals are expected to cooperate fully by obeying bus rules and regulations.

The authority of the bus driver will be recognized and respected. For everyone's safety, the bus driver must be heard, be able to hear oncoming traffic sounds, and be obeyed by students.

**School bus transportation is a privilege.** School discipline, including the denial of bus transportation, suspension and expulsion, will be imposed on those who violate safety guidelines or directions of drivers. Buses are equipped with video cameras, and videos may be viewed by transportation personnel and administration to ensure the safety of all students. In the event transportation privileges are denied, parents or guardians will assume the responsibility of transporting their children to and from school.

Students will be allowed to carry their West Central issued computer bags only throughout the school day. If a student chooses to bring a book bag to school it must be kept in their locker during the school day.

#### CLOSED CAMPUS

---

A. The WCSC campus is closed, which means that, unless excused as noted under Section C below, all students are to remain on school grounds from their scheduled arrival time until the time of scheduled departure. Those students who violate the closed campus policy may be disciplined.

B. During lunch hours students are restricted to the cafeteria, high school gym, and Catch Up Cafe unless they have a valid pass signed by a staff member.

C. Students may leave the campus during the day for medical appointments or other legitimate reasons by presenting written permission from a parent or guardian to the front office.

D. Students who leave school grounds without permission between scheduled arrival and departure times may be disciplined for violation of other school rules while off campus, such as possessing, providing, or being under the influence of illegal substances.

E. Students are not allowed to order or have food delivered from an outside venue. All outside deliveries of food will be denied unless specific approval has been given by administration.

#### COMPUTER USE

---

Please see the West Central School Corporation's device policy on page 48.

#### DISPLAY OF PHYSICAL AFFECTION

---

Romantic gestures, such as kissing, holding hands, hugging or any other physical display of affection are unacceptable and may result in a disciplinary action. Engaging in sexual behavior on school property or at any function related to West Central Middle/High School will result in suspension and a possible recommendation for expulsion.

#### DISRESPECT TOWARD STAFF MEMBERS

---

All students are to show respect to and comply with the directives of teachers, administrators, and staff members (substitute teachers, bus drivers, secretaries, custodians, cafeteria personnel, para-professionals, volunteers, etc.) at all times. Profanity, threatening remarks, posturing, and obscene or offensive language or gestures by students directed toward a staff member are not allowed and will result in disciplinary action.

#### DISRUPTIVE BEHAVIOR

---

Acting in any manner so as to interfere with any teacher's ability to conduct the educational function under his/her supervision will not be accepted. Consequences may range from Monday Night School to suspension to recommendation for expulsion.

#### DRESS CODE

---

While the school climate at West Central Middle/High School encourages individual creativity and student empowerment, the school also recognizes the need to guide students toward appropriate attire for different settings, e.g. school, work, etc. Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency.

- The maintenance of common decency and classroom order requires adequate coverage of the person. Any clothing, which reveals undergarments, the lack of undergarments, and/or excessive skin will be considered inappropriate.
- Shorts, skirts, and pants must not expose skin above fingertip length.
- Garments which reveal bare midriffs, backs, or excessive amounts of skin are not allowed.

- Chains, roller skates, sunglasses, harnesses, dog collars, pajamas (excluding pajama pants), spikes, blankets are not allowed.
- Clothing displaying alcohol, drugs, guns, inappropriate language, inappropriate pictures and/or words that express inappropriate double meanings are not allowed.
- Hats, hoods, coats, and bandanas must be removed upon entering the building and may not be worn during the school day unless required by a teacher for safety purposes in a classroom or spirit days.
  - Other head coverings must be approved by administration.

This basic dress code does not infringe on students' rights of freedom of expression, but rather encourages students to "dress for success" and come to school properly prepared to participate in the educational process. Dress-up days will be taken as an extenuating circumstance. Refer to the West Central MS/HS Discipline chart for consequences for violations of the dress code policy.

*The administration reserves the right to use its discretion in determining the type of clothing appropriate for the school setting. Wearing inappropriate apparel will result in the student's removal from class until the problem is corrected and /or possible further disciplinary action.*

## DRUGS AND ALCOHOL

---

The use, consumption, possession, or selling of illegal drugs, look alike drugs, prescription, nonprescription drugs or substances, marijuana, narcotics, controlled substances, any capsule or pill, non-alcoholic beer, alcoholic beverage, inhalant, or intoxicant of any kind, as well as drug apparatus or paraphernalia is prohibited. Using (including, but not limited to use through a vaping device), consuming, possessing, transmitting, or being under the influence of any of the items listed above by any student while on school property or at any function connected with West Central Middle/High School will result in suspension, recommendation for expulsion, and possible notification of law enforcement. Selling any of the items listed above will result in recommendation for expulsion for a minimum of the current semester and the subsequent semester and notification of law enforcement. Students who are suspected to be under the influence of alcohol, drugs, or who are suspected of using nicotine while on campus will be requested to take a drug test. Refusal by a parent or student to take such a test can be considered an admission of guilt. Also, a parent may request testing of his/her student (at the parent's expense). Using a PCD to capture, record and/or transmit audio and/or pictures or video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students in violation may be subject to suspension and/or recommended for expulsion. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and held until the end of the school day, a parent/guardian picks it up, and may be directed to delete the audio and/or picture or video file while the parent/guardian is present. If the violation involves potentially illegal activity, the confiscated PCD may be turned over to law enforcement. Students are prohibited from using a Personal Communication Device to capture, record and/or transmit test information or any other information in a matter constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCD's to receive such information. Possession of a personal communication device by a student during school hours and/or extracurricular activities is a privilege and may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuse this privilege. Students are personally and solely responsible for the care and security of their PCD's. ### III. STUDENT SERVICES

#### CATCH-UP CAFE

Students who have failing grades in two or more classes will be assigned to Catch-Up Cafe during their lunch period. This is a time for students to have a working lunch, catch up on missed assignments, or receive extra help in classes he or she may be struggling in. A student assigned to Catch-Up cafe will remain there until he/she can show in ALMA that he/she has all passing grades or with administrative approval. Refusing to attend Catch-Up cafe is considered insubordination.

#### CORE SEQUENCING

Students are assigned classes in the four academic core areas (English, Math, Science, and Social Studies) based on their ability level until completion of their Diploma track. It is the belief of West Central Middle/High School that all students should be challenged academically while in attendance at West Central to help promote lifelong learning as well as provide the needed curriculum and instruction to best prepare all students for future successes. Students can receive further information from their counselor.

#### EARLY GRADUATION

Students wishing to graduate in January of their senior year must have COMPLETED all classes for the Core 40 diploma and must have met a Graduation Pathway. The request and application must be submitted by the end of the sixth completed semester to the Counseling Department. All early graduation applications must be approved by the school counselor and principal, in addition to providing a letter written to the superintendent and/or principal requesting early graduation and explaining post-graduation plans.

#### ABSENT WORK

When missing school, students should check for assignments on Google Classroom or request assignments from teachers. All class work should be completed within the number of school days equal to the class period absences. Extended illnesses will be handled on an individual basis. Some classroom assignments and activities such as group discussions and labs may not be replicated and a natural loss of learning will occur due to absence(s).

Students/parents may contact teachers via email. When requesting homework, please give teachers a 24 hour notice to gather assignments. Assignments that cannot be emailed will be dropped off in the front office and can be picked up there. It is the responsibility of the person picking up homework to also pick up any books of materials needed from the locker.

## PARENT/STUDENT RIGHTS IN IDENTIFICATION, EVALUATION AND SPECIAL EDUCATION PLACEMENT

---

In compliance with the procedural requirements of Section 504 of the Rehabilitation Act of 1973 and Public Law 94-142, the school is compelled to keep parents/guardians fully informed of the law and the rights afforded under this provision. Complete information regarding these provisions as well as procedures outlining identification, evaluation, and placement can be obtained from West Central administration and/or guidance counselors.

## SCHEDULING PROCESS – DROPPING & ADDING A COURSE

---

Designing your schedule is a serious decision. The high school budget is prepared, staff is hired and the master schedule is developed based on the student's course requests. West Central Middle/High School students are encouraged to invest quality time in planning their schedules. Such planning should consist of consultations with parents, school personnel, college personnel, and anyone who might provide insight to help students make wise decisions. The West Central Middle/High School philosophy is to prepare students for their futures by teaching them to make good decisions and accept the consequences for not doing so.

- After the second day of a new semester, changes in a student's schedule will be made for the following reasons only:
  1. Errors made by the school in developing the schedule.
  2. The school's need to balance class sizes.
  3. Medical reasons with documentation.
  4. To correct inappropriate placement – a student has failed a class and needs to repeat the course or when a student is placed at an inappropriate level.
  5. To increase the academic content of the schedule – changes may be considered to change to a more academically challenging course – subject to availability.
  6. Scheduling conflicts – lack of enrollment to offer a course or too large of a course enrollment.
- West Central Middle/High School DOES NOT accept requests for teacher changes.

OCCASIONALLY, INDIVIDUAL SITUATIONS ARISE THAT WILL BE REVIEWED BY THE SCHOOL COUNSELOR TO DETERMINE WHETHER OR NOT A SCHEDULE CHANGE IS NEEDED. THESE SITUATIONS WILL BE CONSIDERED BY THE STUDENT'S TEACHER, PARENTS OR GUARDIANS AND COUNSELORS AND A RECOMMENDATION WILL BE MADE TO THE PRINCIPAL WHO WILL MAKE THE FINAL DECISION.

### **Family Educational Rights and Privacy Act (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students." FERPA grants parents and eligible students the following rights:

1. Parents or eligible students have the right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the School Principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. (Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.)
2. Parents or eligible students have the right to request the school to amend a record that they believe is inaccurate or misleading. They should write to the School Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. Generally, the school must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.
4. West Central MS/HS may disclose appropriately designated "directory information" without written consent unless you have advised the school to the contrary. The primary purpose of directory information is to allow West Central MS/HS to include this type of information from your child's education records in certain school publications. Examples include:
  - A playbill, showing your student's role in a drama production;
  - The annual yearbook;
  - Honor roll or other recognition lists;
  - Graduation programs; and
  - Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information can also be disclosed to outside organizations such as the newspaper without a parent's prior written consent. Two federal laws require schools receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with names, addresses, and telephone listings of 11<sup>th</sup> and 12<sup>th</sup> grade students unless parents have advised the school that they do not want their student's information disclosed without their prior written consent. If you do not want West Central Schools to disclose directory information from your child's education records without your prior written consent, you must notify the school in writing. West Central MS/HS has designated the following information as directory information:

- Student's name
  - Participation in officially recognized activities and sports
  - Address
  - Telephone listing
  - Weight and height of members of athletic teams
  - Photograph
  - Degrees, honors, and awards received
  - Date of birth
  - Dates of attendance
  - Grade level
  - The most recent educational agency or institution attended
5. Parents or eligible students also have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW

#### **IV. ACADEMICS**

##### **CLASS RANK**

Class ranks are calculated for each class at the end of each semester. Class rank is computed using the semester grades for all terms that a student is enrolled in high school. Also, pass/fail classes are not calculated into class rank. Each student's credit points will be totaled with the sum being divided by the number of credits in which grades were earned. The quotient will be designated as that student's grade point average (GPA). The students in each class will have the grade point average arranged in numerical order to determine each student's class rank.

A student may learn his/her class rank by checking with the guidance counselor or by viewing their transcript in Alma.

#### COMMENCEMENT PARTICIPATION

---

Participation in commencement exercises is a privilege that seniors earn by completing necessary academic requirements. Students who are in good standing and have met the academic requirements may participate in commencement ceremonies. Students with unusual circumstances and/or less than the required number of credits must seek permission from the Principal. Students may only participate in one commencement ceremony during their high school career.

#### DUAL CREDIT

---

Classes in Business, English, Health Sciences, Math, Welding, and Manufacturing are offered as an option for WCHS students to take courses that satisfy requirements for earning both a high school diploma and college credits. Students who earn dual credits in these courses will have a separate Ivy Tech Community College transcript showing the course name, grade earned and credit hours established. If enrolling in another college or university, students may present their college transcript for evaluation and possible transfer credit. It is the responsibility of the student and his/her family to check with the college or university to be sure dual credits will be accepted. It is important to remember that a student enrolled in dual credit opportunities is building both a high school and a collegiate transcript. Earning exceptional grades is very important as future college enrollment and financial aid dollars are impacted by GPA.

#### ENROLLMENT IN TROJAN ACADEMY

#### ADDITIONAL GRADUATION INFORMATION

Credit may be earned beyond the minimum of credits required for graduation. The State of Indiana defines a credit as time spent with a certified teacher. Students wishing to graduate early must have a Core 40 Diploma and graduation pathways met and report their intentions to their counselor for approval by the 5th day of the school year of their senior year. When a student fails a required course, the failed class should be repeated as soon as possible. College entrance requirements and the requirements for NCAA/NAIA academic eligibility often exceed the minimum requirements established for graduation. Therefore, each student is responsible for learning as early as possible the requirements for admission and/or athletic academic eligibility necessary to achieve post-secondary goals. Pre-planning is critical as admission to these programs varies at each institution and is often based on academic performance, college entrance examination scores, and the rigor of coursework pursued in high school.

#### GRADE REPLACEMENT

The intent of grade replacement is to allow the student to take a class over in order to demonstrate a higher proficiency. The grade for the course retaken will show on the transcript detail screen as a new course with the year and semester it was taken and the original course will have the grade replaced with an N and will be an audit. This means the original grade will not count toward the grade point average, there is no negative impact. The original course title will remain because it denotes the student taking the original course during the school year. By taking a course over a student has developed a better understanding of subject matter and is ready to progress to the next level.

#### HONOR ROLL REQUIREMENTS

The Honor Roll has two classifications:

- High Honor Roll - students must score an A- or above in ALL classes
- Regular Honor Roll - students must score a B average with NO GRADE BELOW a B- in ALL classes

#### INCOMPLETE GRADES

Students who have had an extended illness may receive an incomplete for a grading period or semester. Incomplete grades are given for other reasons such as projects not finished or reports not turned in. All work must be completed within ten (10) school days following the end of the grading period or semester. Incomplete grades not converted to passing grades within the allotted time will automatically be changed to a zero.

#### REPORT CARDS

Report cards are available online through Alma Parent Access.

#### VALEDICTORIAN AND SALUTATORIAN

The selection of the valedictorian and salutatorian will be based on the average of grades at the end of the second semester of the student's senior year. The senior student with the highest GPA will be the class valedictorian. The senior student with the second highest GPA will be the class salutatorian. The valedictorian and salutatorian must complete high school in good standing.

## GRADES

Credit is awarded at the end of each semester for demonstration of essential skills proficiency in a course. Grades convey an evaluation by the teacher of the student's progress in school. High School AP, pre-calculus, and calculus courses are weighted by multiplying the GPA by 1.2.

Grade	Percentage	GPA
A+	100%	12.0
A	93-99%	11.0
A-	90-92%	10.0

### FOREWORD

This handbook is designed to acquaint the school staff with the policies and procedures that have been established for interscholastic athletics at West Central Middle/High School. In addition, it is designed to inform interested school personnel of the intentions and goals of the competitive sports program. The athlete not only develops mentally and physically through participation in the athletic program, but also he/she broadens the concepts of teamwork and sportsmanship. Therefore, we believe that interscholastic athletics should play an important part in the total educational program at West Central Middle/High School.

### PHILOSOPHY

West Central Middle/High School expects its student athletes to have such attributes as dedication, self-sacrifice, and the sincere desire to be the best student-athlete possible 365 days a year. The student-athlete should have great pride in school, their athletic program, and above all, pride in himself. It is felt that all of those involved with any part of the athletic program should conduct themselves in the same manner as our athletes. We expect our student-athletes, managers, and all other people associated with the athletic department to set an example for the younger people in our community who have ambition of becoming a part of our athletic program. You need a thorough understanding of our athletic rules, regulations, requirements and standards. **Athletics are a privilege and the rights and responsibilities of the student-athlete are not the same as all other students.**

### RESPONSIBILITIES OF AN ATHLETE

The student-athlete automatically assumes a leadership role when he/she becomes a member of an athletic squad. The privilege of participating in our athletic program is extended to all students, providing they are willing to assume certain responsibilities:

### TESTING PROCEDURES

Each student participating in the program will be assigned a number, and the principal or designee will maintain one cross-reference list of names and numbers. The selection of students to be tested will be done **RANDOMLY** and may occur on different days Monday through Saturday throughout the school year. The drug testing company (Witham Toxicology) will do the selection of students. They will call the number selected and the principal or designee will cross-reference the numbers selected to the master list of participating students.

Students who are suspected to be under the influence of alcohol, drugs, or who are suspected of using nicotine while on campus will be requested to take a drug test. Refusal by a parent or student to take such a test can be considered an admission of guilt. Also, a parent may request testing of his/her student (at the parent's expense). No student will be given advance notice or early warning of the testing. In addition, a strict protocol will be enforced to eliminate invalid tests or outside influences.

Upon being selected for a urinalysis under this policy, either by random draw, reasonable suspicion, request of parent/guardian, or a "follow up" test, a student will be required to provide a sample of "fresh" urine according to the quality control standards and policy of the laboratory conducting the urinalysis.

The principal/designee will be responsible for escorting students to be tested to the collection site. The student should bring all materials with him/her to the collection site and will not be allowed to go to his/her locker.

A sanitized kit containing a specimen bottle will be given to each student being tested. The bottle will remain in the student's possession until a seal is placed on the bottle. The student will sign that the specimen has been sealed. Only the lab testing the specimen may break the seal.

All students will remain under school and/or testing lab supervision until they have produced an adequate, acceptable

urine specimen. If a student is unable to produce a specimen, the student will be given a glass of water, or soft drink. If the student is unable to produce a specimen by the end of the school day, he/she will be required to report to the principal's or designee office where they will be given an informal hearing. The hearing will be to discuss any medical and/or other reasons he/she was unable to provide a specimen. The principal will consider any reasons given by the student before determining whether the student may continue in any school activities referred to earlier. In addition, parents will be telephoned and informed of the situation prior to the informal hearing. The parent will be given the choice of attending the hearing or discussing the matter over the telephone prior to the hearing. If the principal is unable to reach the parent prior to the hearing and has made a reasonable effort to do so, the informal hearing may proceed. If it is found that the student is being uncooperative in the testing procedure he/she may be tested at a later date to be reinstated for eligibility in school activities or may suffer the maximum consequence at the principal's discretion.

All specimens registering below 90.5 degrees or above 98.8 degrees Fahrenheit will be invalid. There is a heat strip on each of the specimen bottles indicating the validity of the urine specimen by temperature. If this occurs, the student must give another specimen.

If it is proven that tampering or cheating has occurred during the collection process, the student will become ineligible for all the extracurricular, athletic or curriculum related activities for 12 consecutive months (1 year). This will be reported to the parent(s)/guardian(s).

Immediately after the specimen is taken, the student may return to class with a pass with the time he/she left the collection site. The principal/designee must time and sign the pass. After the specimen has been sealed, the administrative designee will transport the specimen to the testing laboratory. The result sheet for the urinalysis will be mailed or emailed back to the principal/designee with no name attached as soon as possible; only the student random identification number will appear on the result sheet

The testing laboratory will then take the specimens, and each specimen will be sent off for a 10- panel drug test (which may include all drugs listed as controlled substances under the laws of Indiana).

The testing laboratory selected must follow the standards set by the Department of Health and Human Services. It must be certified under the auspices of the Clinical Laboratory Improvement Act (CLIA) and the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

#### TEST RESULTS

This program seeks to provide needed help for students who have a verified "positive" test. The student's health, welfare and safety will be the reasons for preventing students from participating in extracurricular activities.

If the results of the test are "positive", that is, if they show drug/alcohol/nicotine residue, the principal will advise the student and the student's parent(s) or guardian(s). Information on a verified "positive" test result will be shared on a "need to know basis" with the student's coach or sponsor. The results of the "negative" tests will be kept confidential to protect the identity of all students being tested. At notification either by phone call, letter or personal contact, the student and the student's custodial parent(s) or guardian(s) may submit any prescription or other explanation or information which will be considered in determining whether a "positive" test can be satisfactorily explained.

Once a student, who was found to have a positive urine test through the provisions of this policy, or has been arrested by law enforcement, a "follow-up" test of that student will be conducted after such an interval of time that the substance previously found would normally have been eliminated from the body if no intervening drug use had occurred. If a second "positive" result is obtained from the "follow-up" test or any later test of that student, the said student will be subject to the terms of this policy "second consequence" level. In addition, the student may be required to continue testing at the discretion of school authorities to determine the student's ability to maintain an alcohol/drug free lifestyle.

In addition, the student or parent(s)/guardian(s) may appeal by requesting that the urine specimen be tested again by a certified laboratory at a cost to the student or his/her parent(s)/guardian(s). If the test is verified "positive", the principal/administrative designee will meet with the student and his/her parent(s)/guardian(s) at a school corporation facility. The parent(s)/guardian(s) will be given the names of counseling and assistance agencies that the family may want to contact for help. The principal/designee will also notify the student of any consequences, based on the policies/procedures as outlined in this program

#### FINANCIAL RESPONSIBILITY

Under this policy, West Central Schools will pay for all initial random drug tests, all initial reasonable suspicion drug tests, and all initial "follow-up" drug tests. A request on APPEAL for another test of a "positive" urine specimen or a

parent request for a drug test is the financial responsibility of the student or his/ her parent(s)/guardian(s). Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student and his or her parent(s)/guardian(s).

#### RANDOM DRUG TESTING PROGRESSIVE DISCIPLINE

	Athletics	Extracurricular	Student Drivers
Self-Report	Enrollment in intervention/counseling program and half of the first violation consequences		
	Follow-Up Testing		
1st Violation	Enrollment in intervention/counseling program		
	Any student who refuses to submit a sample will be subject to progressive discipline as if they had submitted a positive test.		
	Suspension for 30% of scheduled competitions and until a negative follow-up test is produced	Suspension for 30% of scheduled competitions/performance s and until a negative follow-up test is produced	Suspension from parking privileges for 30 school days and until a negative follow-up test is produced

3rd Violation	Enrollment in intervention/counseling program		
	Suspension from competitions for the remainder of high school career.	Suspension from competitions and performances for the remainder of high school career.	Suspension from parking privileges for the remainder of high school career.

Involvement in athletics, extracurricular or curriculum related activities and/or being a student driver are privileges. With that in mind, the West Central Schools feels that students who cannot follow the rules set forth in this Drug Testing Policy relinquish the privilege to participate in school activities as listed above.

The occurrences listed above are cumulative over the entire years of a student's middle and high school tenure with the West Central Schools for students who violate the West Central Drug Testing Policy using a valid police report, arrest, or a positive test for drugs/alcohol.

#### COUNSELING ALTERNATIVE RELATED TO SELF REPORTING

At the discretion of the West Central Schools, if a student successfully participates in the counseling program described below (the Counseling Alternative) the consequences set forth under self reporting **may** be reduced so that the student is suspended for one half of the first violation consequences.

#### PROCEDURE for COUNSELING

In the event that a student self reports and wishes to undergo counseling for drug and alcohol abuse, the student or his parent(s) or guardian(s) shall so inform the athletic director (if the student is an athlete) and/or the principal or

designee (if the student is a driver or participating in an extracurricular or curriculum related activity).

For the student to gain the benefit of the Counseling Alternative, his or her parent(s) or guardian(s), the principal, and either (1) the athletic director and coach of the sport in which the student participates, or (2) the sponsor of the extracurricular or curriculum related activity in which the student participates, or (3) the athletic director, coach and sponsor if the student is involved in both athletics and extracurricular or curriculum related activities, (the group considering the request of the particular student to participate in the Counseling Alternative shall be referred to below as the "Advisory or Athletic Council" must agree that the student be allowed to do so. In making the determination, the attitude of the student and his or her parents(s) or guardian(s), the nature of the offense, and whether or not the behavior in question is of the kind customarily corrected shall be taken into account.

If the "Counseling Alternative" is so agreed upon, the parent(s) or guardian(s) of the student shall be notified in writing. Then the parent(s) or guardian(s) must, within 15 days of the date set forth upon such written notice, file written proof from a reputable, professional counseling service setting out the counseling objectives and methods to be used. The counseling must be done in regular, reasonably frequent sessions for a minimum of six months. However, if a reputable counseling service, based on their professional judgment, concludes that a counseling period of less than six months is all that is required in a particular case, then the counseling may continue for a period of less than 6 months as recommended by the counseling service. Further, each month the student being counseled shall furnish to the school a copy of his or her counselor's report evidencing a bona fide effort on the part of the student to correct the problem for which he or she is being counseled and to participate in the counseling program. In the event that the "Advisory or Athletic Council" determines by a majority vote that the student does not in good faith participate in the counseling program, then the student's eligibility to participate in the Counseling Alternative and his or her eligibility for the resulting reduced consequence shall be terminated and the full "1st violation" consequences shall be enforced.

Students suspended from "participating in... events, functions, contests or other activities..." under provisions for "First Offense" or "Second Offense" herein above shall nonetheless be allowed to participate in practices for their sport(s), extracurricular and curriculum related activities and, in the case of curriculum related activities, in school classes relating to their curriculum related activities.

#### MISCELLANEOUS PROVISIONS

Students who test positive for nicotine and are 18 years of age or older shall not be subject to any penalties regarding extracurricular or driving activities. Athletes, however, shall remain subject to all penalties relating to athletic participation despite their age.

Students who test positive on the drug test and would receive a grade based upon their participation in a curriculum related activity shall not be subject to any grade reductions. However, an alternative assignment or assignments will be provided to such students to compensate for any missed performances.

Once a student becomes eligible for drug testing and delivers to West Central Schools an appropriately executed consent form; he or she shall remain eligible for drug testing for the remainder of that year and until graduation. Any refusal to be tested will result in forfeiture of that student's driving privileges to school and participating in any curriculum-related activities and/or extracurricular activities, including athletics.

Apart from the Drug Testing and education program, the West Central Schools coaching staff sponsors of extracurricular or curriculum related activities have their own training rules and requirements. Coaches/sponsors have the necessary authority to enforce those rules. Any student who violates a rule or requirement as a member of a team or activity will be subject to the consequences as defined in those rules and requirements.

#### CONFIDENTIALITY

Under this drug testing program, any staff, coach or sponsor of West Central Schools who may have knowledge of the results of a drug test will not divulge to anyone the results of the test or disposition of the students involved, other than in the case of a legal subpoena being made upon that person in the course of a legal investigation. Once again, this will underscore the West Central Schools commitment to confidentiality with regards to the program. All results of the testing program will be kept in the school administrative office and/or athletic director's office until the student graduates. All results of the testing program will be destroyed when a student graduates from the West Central Schools.
